

Benefits of increased access to minor crops chemicals/biopesticides

MINISTÉRIO DA
AGRICULTURA, PECUÁRIA
E ABASTECIMENTO

PÁTRIA AMADA
BRASIL
GOVERNO FEDERAL

Mission: Promote the sustainable development of agricultural production chains, for the benefit of Brazilian society

THE BRAZILIAN LAW FOR MINOR CROPS

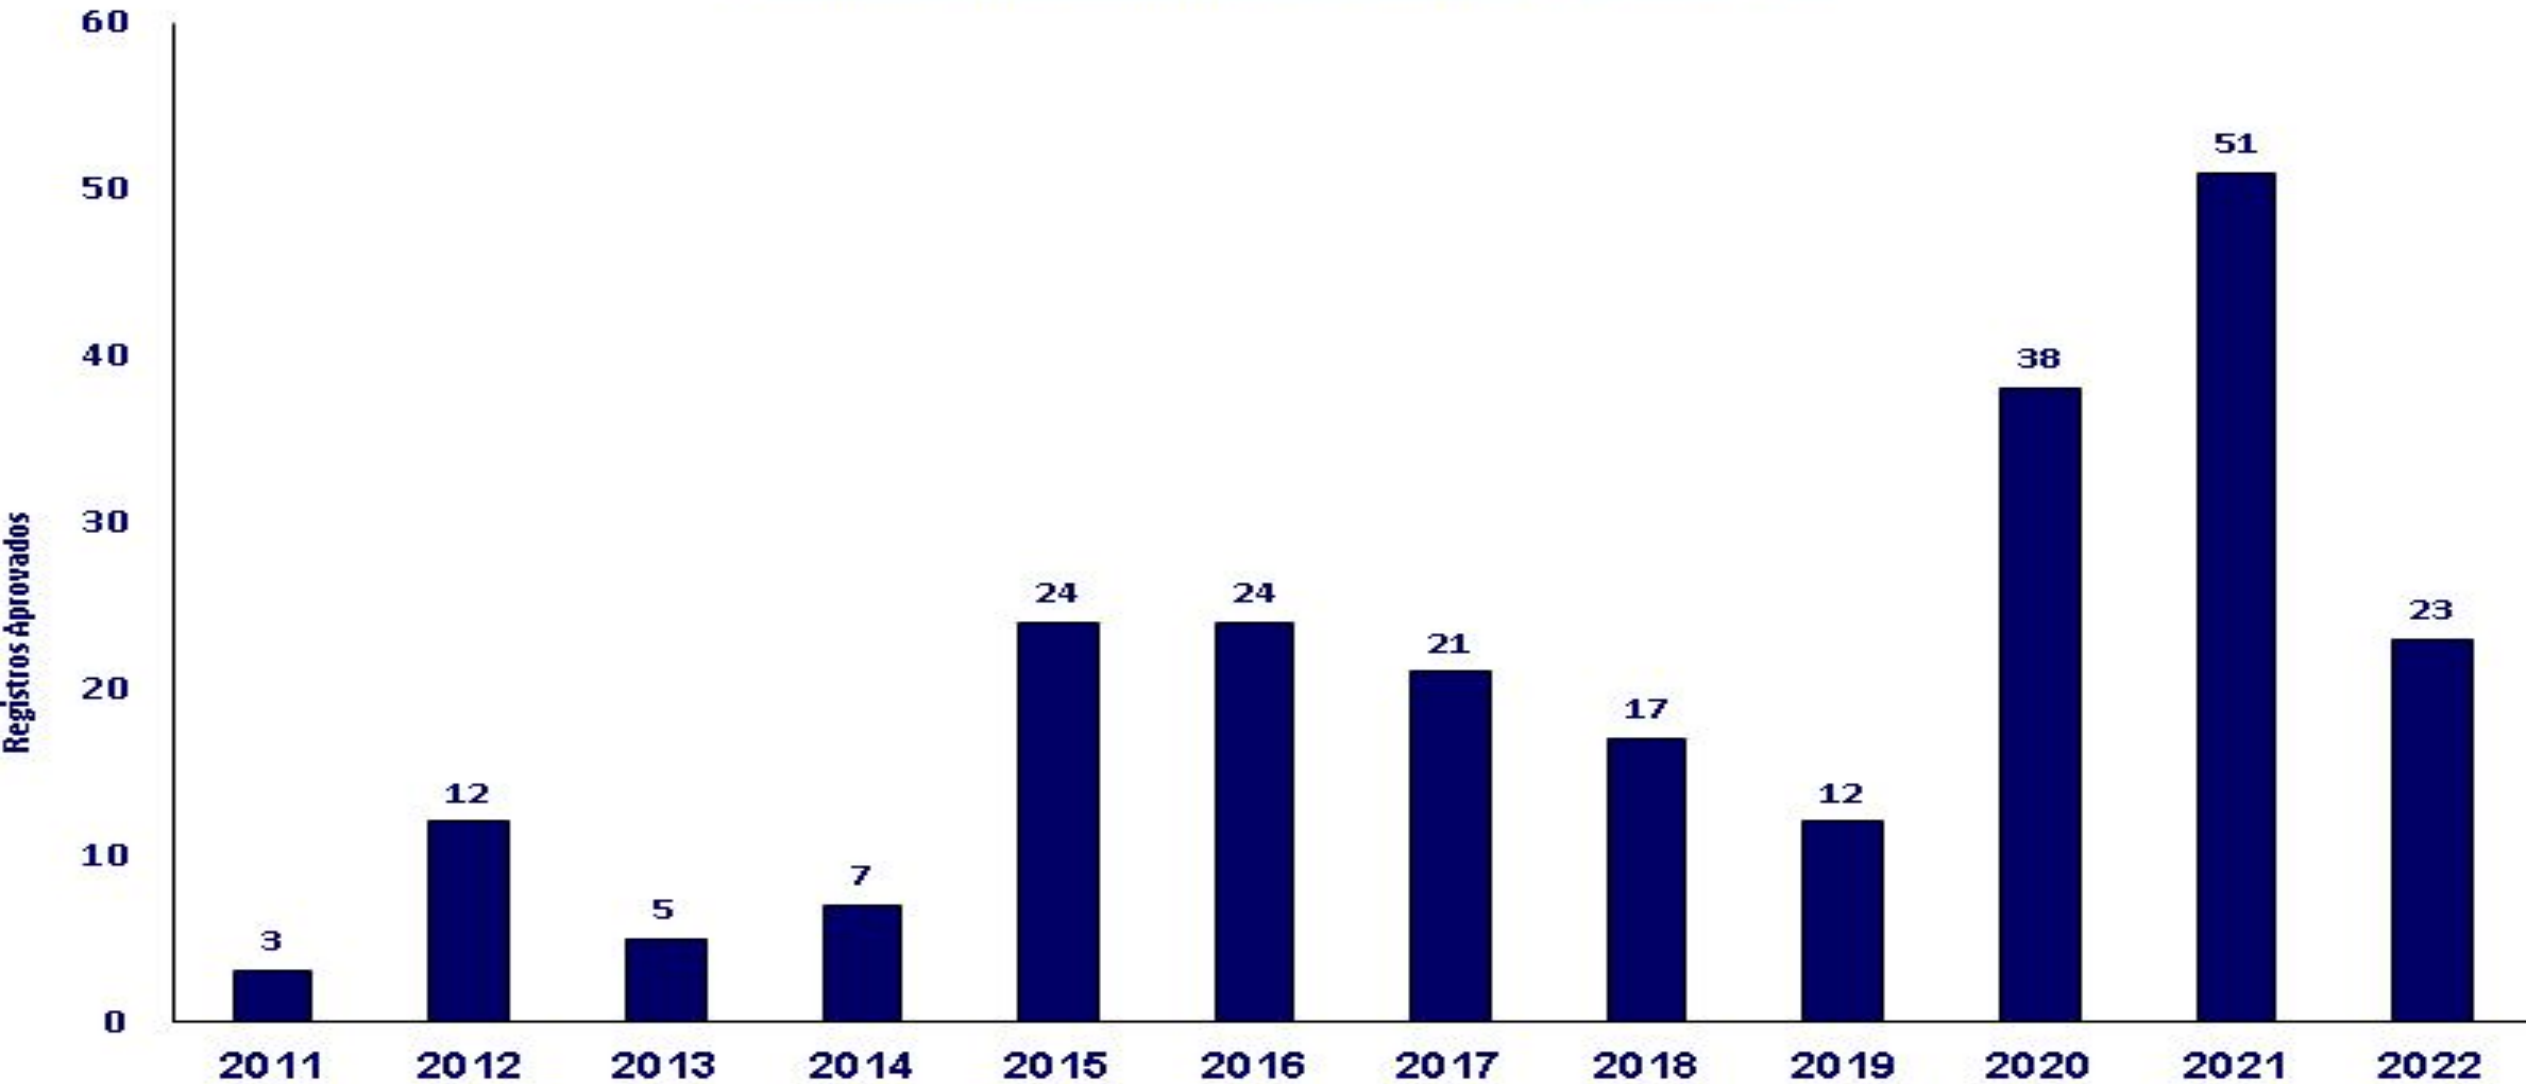

- Based on *Codex Alimentarius*, OECD, Canada and US regulations;
- Established groups of crops for the purpose of extrapolating data from major crops to minor crops;
- These groups are defined according form of consumption, botanical characteristics, agricultural practices.

THE BRAZILIAN COMMITTEE ON MINOR CROPS

- **“TASK FORCE” - an initiative of the farm sector that aggregates institutions that represent research, agrochemical and biological producers and government.**
- **Discuss sector demands regarding Minor Crops.**
- **Bring together farm sector, research, industries (chemical and biological) and government.**

BENEFITS OF INCREASED ACCESS TO MINOR CROPS PESTICIDES/BIOPESTICIDES FOR ALL STAKEHOLDERS

Produto fitossanitário com uso aprovado para a agricultura orgânica
