

Conclusions and Next Steps

Minor Use Foundation, Inc. African Workshop Priority Setting

Minor Use Foundation

Dirk C. Drost, Board Chair
Minor Use Foundation, Inc
November 2, 2022

Conclusions

- The participants discussed and determined that:
 - The top priorities for the groups of crops represented
 - Adjusted the relative rankings based on importance, urgency, and available solutions
- The Minor Use Foundation will:
 - Compare the priorities to previous priorities established Globally in 2020 and in Asia in 2021 and Latin America in 2022
 - Confirm registrant support for the pest/crop combination and solution
 - Begin to identify possible trial locations and timing
 - Communicate the priorities

Thank you

- All of the workshop participants to nominated, voted, and helped select the crop/chemical combinations
- Paul for leading the discussion to develop the ranked priorities
- Geoffrey for being the moderator for the entire workshop and for our partners who translated and hosted the Zoom meeting
- The Minor Use Foundation staff – Michael Braverman, Shannon McNamara and others for their preparation, presentations, workshop materials, and communications
